CHURCHES DISMISS
SUNDAY MORNING
FOR LIBERTY TRAIN

Three Cars of War Relics Stay in Vernon Nearly 3 Hours—Lieutenant Jardine and Rev. Rosseau Talk on Patriotism—Liberty Bonds Subscriptions Continue to Come In.

The Liberty Loan special, carrying war relics from the western front, arrived in Vernon Sunday about 10 o'clock and left at 1 o'clock for Quanah. Churches dismissed at 11 o'clock so that their congregations might view the war relics.

The train was composed of three cars and was in charge of H. G. Wells of Dallas. Other members of the party included Lieutenant Jardine of the Canadian Army who has been wounded in battle and disabled for active war service; Rev. G. J. Rosseau, pastor of the First Baptist Church at Willsboro; John Davis and W. J. Leak of Dallas.

Addresses were delivered by Lieutenant Jardine and Rev. Rosseau. The latter is a veteran of the Boer war and was taken a prisoner of war. He later came to America and said he became a citizen ten minutes after his arrival.

The Canadian officer told of battle experiences, methods of attack and defense employed by the armies on the western front and made a very interesting talk.

Rev. Rosseau's address bristled with patriotism. He said native born Americans do not appreciate the privileges they enjoy in this country. Only those who know conditions of other countries can really appreciate what American citizenship means. He aroused much enthusiasm and was frequently interrupted with applause.

His speech was twice interrupted, first by a freight train moving in on a track between him and his audience and later by rain.

No attempt was made to sell Liberty Bonds.

Mayor Harry Mason introduced the speaker and he, with members of the Liberty Loan committee, acted as reception committee.

The total of Liberty Bond purchases in Wilbarger county could not be secured because of J. A. Birdsong's absence. It is estimated at about \$250,000, or nearly \$250,000 more than the county's quota. Bond purchases are still being reported.

Following is a list of purchases reported by various committees and from the banks at Harrold, Oklaunion, and Odell:

The following sales are reported by E. Rhoads's committee:

\$10,000—J. F. White, W. W. White,

\$3,000—California State Life Insurance Company.

\$1,000—Fred Streit, A. M. Bourland, W. H. Evans.

\$500—G. A. Johnson, J. A. Rhoads, Perry White, T. M. Haney, F. S. Lockett, T. B. Bourland, W. M. Thompson, A. P. Peck, J. H. Pendleton, I. M. Collier.

WILBARGER BOYS
WIN AT HENRIETTA

EVERY REPRESENTATIVE TO DISTRICT INTERSCHOLASTIC FIRST OR SECOND.

Every Wilbarger county representative who went to the District interscholastic meet at Henrietta Friday night and Saturday was given first or second place. This means that a number of Wilbarger county representatives will go to the big State meet in Austin May 3 and 4. Eleven counties were represented at Henrietta.

Louis Thompson and Milford Rouse of the Vernon High School defeated teams from Bellevue and Eleora in debate. The subject was "Resolved, that girls should be admitted to the same terms as boys." Schools drew for side.

Sherwood School sent three winners to Henrietta and Tolbert and Midway sent one each. Buford McDougal of Sherwood won first place in the essay-writing contest; Earl Macey won first in declamations by junior boys; Harmon McDougal won first on spelling.

Monett Brooks of Tolbert was given second place for senior girls' declamations. Vyron Horkins of Midway won first place in declamations by boys in rural schools.

Milford Rouse went to the finals at the University of Texas last year from Memphis, and Harmon McDougal represented this district in spelling last year.

The loving cup awarded to the Vernon boys is on display at the T. M. Ferguson Drug Company.

BANK MAKING ROUNDS.

Local Chapter Will Leave Money Gatherer at Various Institutions For a Week.

The Red Cross Bank, which is to spend a week at each of the local banks and a number of the stores, is this week at the First Guaranty State Bank.

Last week the money gatherer was at the Farmers State Bank, and \$1,663 was dropped into it. However, the finance committee expects to get a great deal more this week. Relatively few people know of the little savings bank last week. Pennies and nickels, as well as larger coins, are being put into it.

Violin Is Worth \$25,000.

The wonderful old Stradivarius violin exhibited in the show window of T. M. Ferguson Drug Company is the property of Dr. J. P. Howard, and was purchased by him from Dr. Evanson of Olustee, Okla., who visited in Vernon recently. Mr. Evanson discovered the violin, secured the pearl and carved the inlay for the bridge and finger board. He rubbed the wood in oil for six months. Dr. Howard exchanged a violin valued at \$5,000 in part payment for the new instrument.

Huntley Gets Fruit Salesman's Medal.

J. W. Huntley of Vernon has been awarded a silver medal for his standing in a great sales contest put on by Stark Brothers' Nurseries and Orchards Company of Louisiana. Mr. Huntley has lived in Vernon about seventeen years.

THE 166TH INFANTRY (RAINBOW DIVISION) ON MARCH IN FRANCE

Cold, steel and poison gas are not the only things our boys have to face "over there." Snow and sleet and cold are some of the many hardships the American boys, fighting many miles from home, have to endure. However, the khaki clad nephews of Uncle Sam take everything as it comes, because they are fighting for democracy and America. The above pictures show the 166th infantry on the march through the snow in France to the training camp and winter comforts in France. This is the first time that most of these men ever trod the soil of the North of France. The upper left picture shows a halt during their journey. Upper right—A tired soldier is awakened by his comrades to resume the march. Lower picture—The column passing through a French village in the snow.

FOUR MORE COUNTY
CLUBS ORGANIZED

DOANS, SHERWOOD, RED BLUFF, AND HINDS REPORT FORTY-FOUR MEMBERS.

Clubs for boys and girls were organized at Doans, Sherwood, Red Bluff, and Hinds Friday by N. R. Tisdal, farm demonstrator. According to report sent to Mr. Tisdal yesterday these four communities have added forty-four members to the 124 the county agent has to get to reach 500 by May 1.

Vernon Thornton is president; Joe Cannon, vice president; and Josie Cannon, secretary of the Doans Club. Nineteen members were reported.

At Sherwood Henry Miller is president; Vernon Shaw, vice president; and Leslie Dye, secretary. The initial membership was seven.

Red Bluff reports eleven members. David Dunklin is president; Gusie Norton, vice president; Winnie Moore, secretary.

Seven members are reported at Hinds. Lester Duke is president; Burnett Chadwick, vice president; Earl Duke, secretary.

With 500 members, Mr. Tisdal will be entitled to take ten representatives to the State Fair at Dallas next fall. He expects some of the clubs already organized to help materially in securing the eighty members necessary to round out this number during the next two weeks.

Steel for Second Story of Postoffice.

Steel for the second story of the new Federal building has all been placed. The brick work is now up to the second story all around. R. H. Stoddard, who has charge of this work, says that he expects to finish the building by August, provided he can get material. Most of what he needs has been received, but Mr. Stoddard ordered a shipment of plumbing fixtures out of Pittsburgh, Penn., more than a month ago that has not yet been received.

RED CROSS GAME AT
OKLAUNION FRIDAY

VERNON BOYS ACCEPT CHALLENGE OF GREENE, KING, HAVIS, ET AL.

The second Red Cross Benefit baseball game has been staged for Friday afternoon at Oklaunion. Proceeds are to go to the Red Cross auxiliaries at the two places, the auxiliary in the town having the victorious team will receive 60 per cent of the gate receipts.

Oklaunion's knights of the diamond declare that they are undefeated, and that Hindenburg's onslaught against the British will be insignificant as compared to the way they propose to hammer the moundsmen who come down from Vernon Friday. At any rate, it is for the Red Cross, and if their ammunition doesn't "bring home the bacon," why there will be the game, any how.

Of course, the Vernon boys "know it can't be done." Automobiles are being commandeered to take their supporters to Oklaunion for the game Friday afternoon.

The line up is as follows: Oklaunion—Lon Ryars catcher, Hugh King pitcher, Rex Boyd shortstop, Bass King first base, Clois Greene third base, Mont King right field, Roscoe Rainwater center field, Ray Bourland second base, Lige Bourland left field, Ed Smith, Joe Stark, and H. E. Hauser are substitutes for Vernon—Knox Kinard catcher, Wayne Holmes and J. S. Buchanan pitchers, E. Rhoads first base, Frank Murchison second base, Dr. E. M. Rogers shortstop, Dee Norwood third base, W. O. Powell, W. R. Martin, Harry Stakeup, C. E. Warren, and Clint Swartwood outfielders. W. A. Atchison and L. A. Fennell will act as umpires.

J. A. Birdsong in Dallas. J. A. Birdsong, chairman of the Liberty Loan for Wilbarger county, is expected home from Dallas today.

SOLDIERS TO HELP
WITH FARM WORK

GOVERNMENT PROPOSES TO PERMIT ENLISTED MEN HELP PRODUCE FOOD.

It is the intention to make use of the authority to grant furloughs to enlisted men to enable them to engage in agriculture during the present farming season, according to advice received by N. R. Tisdal, farm demonstrator from the War Department in Washington.

Individual applications for furloughs may be submitted by relatives, and farmers who need labor may ask for a number of men. Local Exemption Boards must pass on these applications, and they should have the recommendation of the county agent.

At present it is the belief of the local county agent that Wilbarger county farmers do not need help from the soldiers to do their work. He says conditions may arise later in the season where such will be necessary.

Mr. Tisdal has the blanks necessary for making out request for furlough.

PARENT-TEACHERS TO ELECT.

"Thrill Will Be Subject for Discussion at Meeting With Mrs. J. H. Pendleton.

The Parent-Teachers Association will elect officers at the meeting Friday afternoon. The hour is 3:30 o'clock, and Mrs. J. H. Pendleton is hostess.

"Thrill" will be the general subject for discussion. Mrs. W. N. Stokes will talk on "Teaching Juvenile Delinquency." "The Conservation of the Boy" is the subject assigned to Mrs. J. E. Lutz.

Mrs. S. E. Trevathan will lead a round table discussion on Thrift. There will be music by Miss Enid McCarroll, a reading by Miss Anna Alexander, and a musical reading by Mrs. C. J. Farrell.

FOURTEEN MEN TO
ENTRAIN APRIL 26

EXEMPTION BOARD HAS ORDERS TO SEND ANOTHER INCREMENT TO CAMP.

Fourteen white men will entrain for Camp Travis Friday, April 26, according to orders received by the local Exemption Board. Three Negroes will also be entrained on that date.

Following is a list of the white registrants called for April 25, from whom the contingent to go to camp will be taken: Walter Hoffman order Number 139, Silas Britton, Harford 186, Robert Guy Williams 193, Elbert Mosley 208, Barney Gibbs Chandler 217, Julius B. Callender 231, Milfred Barry Williams 236, Homer Albright 242, Harry Edward Lauder, 248, Samuel Ava White 249, Jarred Vassey 265, James Emmett Flynn 270, James Dickson Wright 273, James Drew Cartwright 283, Samuel Jesse Brumley 287, Karl Streit 288, John A. Warten 289, Tommy Hazzlewood 291, Eddie Jennings 293, Onie Simmons 294, John William Barnett 296, Charles Lowke 297, Thomas Grooms 310, James Otto Blanton 311, Lloyd Lavern Lynch 314, Theod Kniff 326, Will Smith, James Walker, and L. B. Walden (colored) have been called.

Although no official information has been received by the local Board, it is understood that orders for the mobilization of the first large number of men of the second draft will go out to the governors of the states very soon.

It is expected that eight hundred thousand men will be called during the remainder of this year at the rate of about ninety thousand a month. However, there is no assurance that this will be a fixed figure, because the flow of men will be determined by the needs of the army in France. As General Pershing may call for specially qualified troops, an average of ninety thousand a month may be much exceeded or much decreased.

There are now under arms here and in Europe more than one and a half million American soldiers. The number will have been raised to about two and a half million by the end of the year, counting drafted men, volunteers and special technical forces to be enlisted.

COUNTY COURT WORKING.

After Disposing of Criminal Cases Body Adjourned Friday Afternoon Over Saturday.

County Court is in session this week, after having adjourned Friday afternoon.

Last week the following criminal cases were disposed of in Judge E. L. McHugh's court: Albert Herchmann, unlawfully carrying arms, given a sentence of thirty days in jail; Clement Couch and Sherman Cooper, gambling, \$25 each; Tom Jenkins, theft, \$50; Doe Adams, juvenile, theft, sent to reformatory at Gatesville.

The docket shows a number of fines for gaming and carrying a pistol that will be worked out on the county roads unless the money is paid in other county treasury. They will not be permitted to lay out the fines in jail.

DEATH FOLLOWS IN
WAKE OF TORNADO
LAST SUNDAY

Deaths Reported From Boyd, Roanoke, and Bellevue—Oklahoma Oil Fields Flooded—Ample Stock Water in Wilbarger County First Time in Three Years—2 Inches Fall.

Wind which accompanied the heavy rain Sunday afternoon blew the home of R. L. Castlebury, situated about six miles south of Vernon, off the foundation. However, the family had taken refuge in a storm cellar and no one was injured. A house on Mr. Castlebury's place was demolished and five of the six oil well drillers who were in the house received minor injuries. A number of oil derricks were blown down.

At Boyd, Texas, about fifty miles northwest of Fort Worth, two lives were lost and 250 people made homeless. Property damage is placed at \$75,000. The tornado covered a path about one mile wide, and razed everything in its track. Appeals were sent out Sunday night to Dallas, Fort Worth and other cities for labor to assist in rebuilding the devastated area.

Mrs. W. L. Shyans, wife of a farmer who lived between Bowie and Bellevue, and a Mrs. Murray, near Graham, were killed by the storm. Shyans and his three children were so severely injured that none is expected to recover.

Leonard King, aged fourteen, was killed near Roanoke, north of Fort Worth. His father suffered a fractured skull. The mother received internal injuries and little hope of her recovery is held out.

The rain which covered Wilbarger county Friday night, Saturday and Sunday, seems to have been general. While the total precipitation here is officially reported at about 2 inches, many farmers insist that the downpour at their houses was more than that. D. T. Lowe of Wildeat says all the tanks in his neighborhood are full of water for the first time in three years. Similar advice are received from other sections of the county. North of Vernon the rain seems to have been heavier.

From Ringling, Okla., come reports that the bridges across Red River are threatened by torrents of rain. The oil fields in Stephens county and around Loco were flooded. Word from Dallas is to the effect that the Trinity River is bank full.

MORE WAR STAMPS FOR SHIVE.

United States War Savings Society Has \$5,408 Invested in Liberty Bonds and War Certificates.

The United States War Savings Society of the Shive School invested \$223.25 in Liberty Bonds and War Stamps during the week ending April 12, as follows: Willie Ladd \$4.15, Alton Stewart \$3.75, Martha Long \$4, Robbie Flaniken \$58, Edith Mayes \$50, Cora Anne Buchanan \$10.75, Dorothy McCandless \$12.50, Allen Hayes \$2.25, Rachael Garland \$10, Mary Garland \$10.

Last week's report from the Society failed to include \$400 in Liberty Bonds for Mary Garland and a like sum for Rachael Garland. This would bring the total investment for the Shive School up to \$5,408.

NAN SCOTT BUYS LIBERTY BONDS

Former Vernon Girl Now in Washington Add to Purchases in Wilbarger.

Miss Nan Scott has bought three bonds through her bank in Vernon. Yesterday a letter was received by the First Guaranty State Bank from Miss Scott, who is now in Washington, working for the Government, authorizing the purchase.

Miss Scott adds: "The section I am in is going to Baltimore tomorrow, therefore, I do not know what my address will be. Mary Pickford, Charlie Chaplin, Marie Dressler, and Douglas Fairbanks sold bonds here Saturday."

More's.

Tuesday—The spirit of Christmas pervades the new Thomas H. Ince seven part dramas, "Those Who Pay," starring Bessie Barriscale, which comes to More's today. On Christmas Eve Dorothy Warner, portrayed by Miss Barriscale, is weeping at the bedside of her little sister, their mother and father having died. The little girl is crying for a dolly, whereupon Dorothy puts on her wraps and goes out into the snow to buy a toy. Her adventures make up the story.

Wednesday—Franklyn Farnum in "The Rough Lover," a Bluebird. In this newest of Bluebirds Farnum has a double role and gets away with it. Jaunita Hansen, who has been appearing as Farnum's leading lady, is again seen as the sweetheart heroine, and radiates her striking beauty to the delight of her audiences.

Thursday—Alva Leigh starts Westward for the little mining town of Magnet, to marry Donald Jaffray. She arrives only to find that her lover has been mysteriously murdered, swears to find the guilty man, and make him pay the penalty. It is a picturization of the popular novel, "Hearts Steadfast," by Edward M. Latt.

Pictorium.

Tuesday—Today the attraction at the Pictorium will be "Love Me," a Thomas H. Ince production, featuring Dorothy Dalton in a role which gives her an opportunity to display a number of attractive gowns. It is a society drama dealing with the adventures of a breezy Western girl who marries into an exclusive Eastern family but is not accepted by them until she has made a tremendous sacrifice for her husband's sister.

Wednesday—Darrell Foss in "Her American Husband," a five part Triangle Feature; also a special two act Mack Sennett Comedy, entitled "A Bed Room Blunder."

Thursday—Everybody's favorite, Douglas Fairbanks in "The Half Breed," one of his biggest five act Triangle Productions, also short subject "Bray Cartoon Comedy, Bobby Bump's World series, and Southland deer hunt.

VERNON SCHOOL TEACHER'S FRIENDS MADE GLAD

One of them had this to say yesterday. "We never thought that poor Ellen would ever recover, she had suffered so long from stomach and liver trouble and had lost more than 40 pounds in weight. She took a bottle of Mayr's Wonderful Remedy upon the advice of her aunt and has steadily improved from the first dose. We are all confident of her complete recovery. It removes the mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Adv. C. M. FERGUSON, Druggist."

H. E. KEY, JR. KICKED IN HEAD BY HORSE

FARGO BOY SUFFERS FRACTURED SKULL, BUT MAY RECOVER.

H. E. Key, Jr., young son of H. E. Key of Fargo, is in a critical condition as a result of being kicked by a horse early Monday morning.

The lad was riding to school, and it is presumed that the horse threw him and then kicked him in the head. The boy's skull was fractured over the left ear, leaving an opening four inches long and an inch and a half wide.

Just how long young Key lay prostrate on the ground is not known. He bled profusely and portions of his brains were oozing out of the wound. In this condition he recovered sufficiently to stagger to a house in the neighborhood, walking a distance of some 300 yards, and fell in an unconscious condition on the front porch.

Medical aid was summoned and the boy was brought to Vernon for treatment. He is now at the home of O. T. Warlick on West Texas street and attending physicians say he has a chance to recover.

CASE LISTERS

The First and Original CELL DROP

how it does its work

This is the first time that any one has attempted handling cotton seed through a plate with holes or cells—hence the name "Cell Drop."

Uniform Planting

With this first and original Cell Drop Planter, cotton seed is planted in the same manner that corn is planted, thereby preventing bunching and skipping.

The agitator plate retards the cotton which is constantly being agitated. This tends to hold the seed back and assures all the cells in the revolving plate being filled with seed before reaching the cut-off or opening.

Improved Cut-off

This improved double cut-off is provided with a spring so that the seed will not crack as it approaches the planting point.

Planting distances controlled by pinions. Quantity of seed governed by speed. Instead of slide adjustments. One lever control—and other features.

Let us explain in detail the J. I. Case first and original Cell Drop Cotton Planter—the implement that's bound to revolutionize the cotton industry.

For Milady's Wardrobe

Our showing of spring suits and dresses have just enough color and dash to appeal to the woman who is careful of the style of her garments. In spite of the heavy demands on the ready-to-wear trade, this season, we have been able to assemble an unusual array of pretty things for milady's wardrobe at prices that seem low, when the quality is considered.

Our stock includes a wide range of color designs, patterns and styles. An inspection will convince the discriminating buyer of the truth of these claims.

The two cuts shown here are but an inkling of the garments on display in our cases.

Oil! Oil! Oil!

THE MAGIC WORD THAT HAS MEANT FORTUNES TO MANY AND INDEPENDENCE TO THOUSANDS

We have a tract of land located six miles Southeast of Vernon, which we believe to be oil and gas land. We have 50 3-4 acres of our land sub-divided into oil lots which we are selling for \$30.00 each on payments of \$10.00 cash, balance 30 and 60 days from date.

On completion of payments we give you a warranty deed to this property, and also an interest in twenty-six drill sites on which we propose to develop and drill wells for oil and gas.

We have twenty-four of these drill sites located on the above described land and two drill sites located in the famous SUNSHINE HILL oil lot subdivision, located in the great Electra oil field.

From the sale of this property we deposit in the WAGONER NATIONAL BANK of Vernon the sum of \$26,500.00 for the exclusive purpose of developing the above named drill sites. We propose to drill the first well on SUNSHINE HILL where we know we will get oil. The others are drilled on our 50 3-4 acre subdivision.

Join us in this enterprise as it is located near your town, is backed by home people, will be of mutual interest to everyone living here, especially property owners. The money is placed in your home BANK so that you know that it is a clean, legitimate, honest money-making proposition.

THE AMERICAN FARMER.

The name farmer is written large in American history. It was the American farmer, settling along the Atlantic coast, who drove the skulking red man from his sortie; won our independence; pioneered across the continent, braving disease, warfare, poverty and isolation, and gained an empire for freedom.

Israel Putnam was one of a multitude of American farmers who left their plows standing in the field to answer the call of their country in the time of crisis.

The American farmer is the foundation of our prosperity. When his fields yield there is plenty. His harvests fair, and despair stalks abroad.

At no time since the founding of the United States of America has the call been so insistent upon the farmer as in 1918. A world, fighting for the ideals of civilization, asks of him food. That the farmers of America will respond no person familiar with the sturdy stock for a moment doubts. It is also true that individual communities will fail to feed themselves. With recent rains Wilbarger county, ranked third among all the counties exhibiting at the State Fair last year (despite the drouth) must not only feed itself—Wilbarger must help supply the needs of the men who fight. Would not anything less be traitorous.

The notion of Nelson Morris, chairman of the board of directors of the packing company which bears his name, that \$800 is about the amount necessary for a family of five to have in order to live decently calls up the question "how much is the most desirable income for a man?" That Mr. Morris' estimate is pitifully low is evident to any person who has tried living in a city where car fare is a necessity if a person would get away from his hovel. No one doubts that it is too low in a town like Vernon. However, should the income be \$1,000, or \$100,000, or somewhere between? That may depend somewhat upon one's station in life—the luxuries to which he has been used, expenditures he must make incident to business position, or numberless other considerations. The American Magazine printed an interestingly instructive collection of letters on this point during recent months. The decision reached, however, is that incomes are secondary. While a man must have sufficient to keep his family from poverty, yet intelligent effort is enabling innumerable families to live comfortably on sums which a year ago would have seemed insufficient, due to thrift impelled by patriotism. The point of it all is that money cannot secure happiness. Happiness must come from within.

Pungent Paragraphs

It is true that Wilbarger "went over the top" the first day, but it must be admitted that we have a few tightwads who spend more for gasoline than they invest in Liberty Bonds.

Considering the spring plowing necessary to be done, we doubt if any able-bodied man is justified in doing vaudeville for a living.

In view of the white rabbit, it is apparent that it is not always safe to judge one's age by the color of one's hirsuties.

It is pretty safe to assume that with women voting the one-gallused candidate will not be as popular as of yore.

Another thing we like about North-west Texas is that the drouths seldom last longer than three years in succession.

It is really too bad there wasn't a representative of the German general staff in Fort Worth last Thursday to witness the review of the 36th division. Those twenty-seven thousand husky sons of Texas and Oklahoma will make business pick up on the western front when they arrive.

If you don't buy any Thrift Stamps it will be pretty hard for you to explain why you were able to lay in fresh supply of spring fishing tackle.

Cincinnati Authority Tells How to Dry Up Any Corn or Callus So It Lifts Right Off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of Freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this. Adv. 16-11

MARRIED IN ILLINOIS.

Citation by Publication.

The State of Texas: To the Sheriff or any Constable of Wilbarger County—Greeting:

You are hereby commanded to summon J. R. L. Meredith by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 4th Judicial District; but, if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 4th Judicial District, to appear at the next regular term of the county court of Wilbarger County, to be held on at the Court House thereof, in Vernon, on the first Monday in July, A. D. 1918, the same being the 1st day of July, A. D. 1918, then and there to answer a petition filed in said court on the 20th day of March, A. D. 1918, in a suit, numbered on the docket of said Court No. 1655, wherein First Guaranty State Bank of Oklahoma, Texas, is Plaintiff, and J. R. L. Meredith, is Defendant, and said petition alleging that on July 27, A. D. 1917, defendant executed to plaintiff his promissory note for \$122.62, payable to the order of plaintiff at Oklahoma, Texas, with interest at the rate of 10 per cent per annum after maturity, and providing for 10 per cent additional as attorneys fees, if placed in the hands of an attorney for collection, or collected by suit. That plaintiff is now the owner and holder of said note; that said note is now long past due and unpaid, and defendant though often requested has hitherto failed and refused and still refuses to pay the same or any part thereof. That plaintiff is asking for a Writ of Attachment on certain property belonging to defendant, for all cost of suit, and for such

other and further relief, in law and in equity, as it may be entitled to in the premises.

Herein fail not, but have before said Court, at its aforesaid next regular term,

this writ with your return thereon, showing how you have executed the same.

Witness, Verna Lucky, Clerk of the County Court of Wilbarger County.

Given under my hand and the seal of said

Court, at office in Vernon, Texas, this 1st day of April, A. D. 1918.

Summer Shirts

When the balmy breezes blow and the increase in temperature necessitates a decrease in the weight of one's clothing—the silk shirt is the thing. For genuine comfort, wholesome, summery appearance, together with that feeling of being well and fashionably dressed, nothing equals the stylish and attractive silk shirt.

Our display of satin striped silk shirts dispels the belief that silk shirts are unavailable except at extremely high prices. We show a wonderful assortment of new summer colorings—all remarkable values at \$3.00 to \$5.00

Pure silk shirts in a wide diversity of novelty patterns and an unusual array of color effects at \$6.00 and \$7.50

The Boys' Own Store Offers

Spring and Summer Togs for youngsters in a wide assortment of models—every one correct in style, perfect in tailoring and exceptionally durable in quality.

Sometimes the youngsters' preferences in clothing are not in accord with those of the parents—and sometimes the parents like what the boys don't. But this store has made such a study of the question that both the youngsters and the parents are bound to agree on something that we can offer them—so varied and attractive is the assortment we show.

After Six Years

This Testimony Remains Unshaken.

Time is the best test of truth. Here is a Wichita Falls story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. C. A. Swope, 612 Barnett street, Wichita Falls, Texas, says: "I suffered terribly at times from my kidneys. My kidneys didn't act right at all and my back was very weak. Hearing how troubles I got a box. They quickly brought relief and I feel much better now than I have for a long time."

A Later Statement.

Over six years later, Mrs. Swope said: "I gladly recommend Doan's Kidney Pills for they cured me of kidney complaint." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Swope had. Foster-Milburn Co., Mfrs. Buffalo, N. Y. Adv. 1t

Say!

How about a Ranch, a Farm or a House and Lot?

Haven't you something you'd like to exchange for something else? How about trading that good automobile in as first payment on a six or seven room house and lot? How would it suit you to trade your farm in on a good ranch, and go into the stock business? Or how would it suit you to trade your little house and about \$1,000 in money as first payment in on 160 acres sandy land farm, 125 acres in cultivation, \$40.00 per acre?

How about buying a good house in Vernon cheap, and on good terms? Of, if you have a bunch of stock that you're tired of feeding, I can take them in as part payment on a good sandy land farm. Come and see about this business if you mean business, and I will try to interest you.

The Public Has Been Warned

The state and national fuel administrators have sounded a warning to the public that it will be necessary to begin to lay in supplies of coal at once. They wisely say that failure to do this may result disastrously next winter.

We submit the following facts for your consideration:

1. By buying coal at once you can get the grade you desire, also the amount necessary for your needs.
2. You will save enough in price reduction to overcome the interest on the money invested.
3. You can now assure yourself of ample supply of coal and save the annoyance of having to buy small amounts next winter when fuel will be hard to get.
4. By buying your coal NOW you will not only be doing a patriotic service by assisting to overcome transportation difficulties, but you will also be rendering a service to people who are not able to buy coal in quantities at this time of year; thus you will make it possible for the dealer to lay in excess stocks sufficient to take care of the requirements of people who cannot buy now.

In view of these conditions, we urge everyone who can do so to arrange at once for your winter supply of coal. This is a time when it is really dangerous to PROCRASTINATE.

We will now accept orders for immediate delivery subject to the price named soon by the State Fuel Administrator.

Do a real service by acting immediately.

WHY NOT BUILD THESE AT HOME?

FINANCIAL conditions were never better: The whole South is just teeming with wealth. The high prices of Cotton, Corn, Sugar, Rice, and other products peculiar to the soil has started a boom among the farmers and planters. Never in the history of the South have land values been so high, and this is quite general; yes, the whole South was never so prosperous.

Only a few years ago the people believed it was impossible to manufacture anything in the line of machinery in the South. Today the South's Manufacturing Plants Produce Millions of Dollars' worth of Manufactured Products each year, and is now recognized in the world of Commerce.

The Automobile Manufacturing Industry Third Largest in the World.

Let Us Number This Great Industry Among Our Manufacturers and Help Keep These Millions at Home, Where They Belong.

WE HAVE THE BRAINS.
WE HAVE THE MEN.
WE HAVE THE MONEY.
WE HAVE THE LABOR.

Automobile Manufacturing is a most profitable business. More millions have been made, and are still being made, in this industry than in any other line of commercial endeavor. Today the Automobile business ranks as third in importance of our greatest industries, not only in this country, but the entire world.

Nearly \$200,000,000 was sent North by Southern people for Automobiles, Tractors and Trucks in 1916. If you believe as we do, that the South should at least furnish a few of the cars we are using, then come in with us and help keep some of the money at home. "Be a Southern Booster."

YOU NEVER HAD A CHANCE—

—to share in the profits of the Ford, Overland, Dodge, Hupp, Saxon, Chandler, or any of the successful Motor Companies, BUT YOU NOW HAVE AN OPPORTUNITY—

of becoming a member of the

Southern Motor Manufacturing Ass'n., Ltd.
DALLAS, TEXAS.

\$100 Invested NOW may mean
Independence for Life.

THE OPPORTUNITY YOU MISSED.

As an evidence of how automobile investments grew into fortunes in a short while, the following table shows what \$100 invested early in automobile stocks returned:

\$100 in Geo returned in 12 years.....	\$ 11,905
\$100 in Hupp returned in 8 years.....	16,500
\$100 in Saxon returned in 2 years.....	1,200
\$100 in Ford returned in 12 years.....	250,000
\$100 in Ford (Canadian) returned.....	21,400
\$100 in Chandler returned in 3 years.....	3,500
\$100 in Stutz returned in 4 years.....	4,500
\$100 in Overland returned in 5 years.....	33,000
\$100 in Chalmers returned in 3 years.....	2,162
\$100 in Chevrolet returned in 7 years.....	28,000

YOU NOW HAVE AN OPPORTUNITY.

Get in on the organization of the biggest industrial opportunity ever created. We are offering the people of the South the biggest chance they ever had to invest in an industrial enterprise where profits rightfully belong to the Southern people, and one which should be the cause of keeping many millions home, instead of sending them to the North, where they have been sent. This is the same opportunity that was offered the people of the North who invested Early in Automobile Shares—the million-makers. This industry has an enormous future in the South. It offers great big profits to those who are wide-awake enough to take advantage of the present opportunity. It is already past the speculative period, and the future is assured. Don't Let This Opportunity Pass You By.

REAL MUSIC IN YOUR HOME

NOW that Thomas A. Edison has perfected his marvelous sound-reproducing invention a home without a New Edison should be as rare as one without a collection of books.

Literature feeds the brain—music feeds the soul. And in the New Edison you get music—real music—not an imitation. Music is an absolute essential in any home that lays the slightest claim to refinement and culture.

The NEW EDISON

"The Phonograph with a Soul"

Re-Creates the artist's voice or the music of his instrument with such fidelity that no human ear can detect a shade of difference between the two renditions. The famous Edison direct comparison tests have proved this conclusively. 2,000,000 music lovers and the music critics of 1500 representative newspapers have heard these tests and have been completely mystified by their inability to tell the living voice from its phonographic duplicate.

ANNA CASE
singing in direct comparison with the New Edison and proving that her performance and that of the instrument are indistinguishable.

A demonstration of the New Edison at our store would satisfy you that the New Edison would bring real music into your home.

275 FEWER PUPILS IN COUNTY CENSUS

VERNON SHOWS INCREASE AND
SCHOLASTICS IN COUNTY
FALL OFF.

Willbarger county has 2,729 children of scholastic age, according to figures turned in to L. A. Hollar, county superintendent. This does not include 1,296 in Vernon.

The school census was completed in March. Vernon shows a gain of slightly less than 100, while the county shows a loss of 275 over last year. The county superintendent attributes this temporary loss to the unusually prolonged drouth in parts of the county.

Ten school districts show a total gain of forty-seven. Kincheloe, with a gain of eleven, comes first. Other school communities that have gained are Highland three, Mack four, Lock-off ten, Haney eight, Paradise and Ronda one each, Thompson eight, Parsley two, and Odell nine.

Elliott shows thirty-nine fewer scholastics than last year. Pleasant Valley shows nine, East Vernon six, Wells Chapel four, Brown and Maple Hill ten each, Red River three, Guggisberg five, El Reno six, James ten, West Vernon fourteen, Dawson Valley seven, Jackson Springs eight, Doans five, Red Bluff two, Gayer twelve, Harrold nine, Farmers Valley and Union twelve each, Antelope thirteen, Hauk six, Fargo forty-eight, Crescent Cove thirty, Wildcat six, Midway and Sherwood three each, Tolbert seventeen, Hinds four, Oklamoon eighteen, and Plainview two.

Attended Shrine Ceremonial.

PAIGE

The Most Beautiful Car in America

The "Preferred Investment"

The wise man selects his motor car investment in much the same way that he selects a first mortgage bond or any other high grade security.

He looks for permanent, enduring quality—not mere surface veneer. He looks to the integrity of the manufacturer, the critical expressions of the average owner and the history of the product over a period of years.

It is on this basis that we would have you consider the Paige.

From the standpoint of initial cost, our's is not a cheap motor car. There are many cars on the market that sell for less money than the Paige and we could readily build them ourselves if we considered that the best policy. But we don't.

We firmly believe that self-respect, comfort, and enduring satisfaction have an actual market value. So we build those things into our product.

We take just a little more time—just a little more care in the selection of materials—just a little more pride in

our work. And the result is a real motor car—not a makeshift or compromise.

In brief, while we agree that first cost is an important consideration, we are convinced that *Ultimate* cost is vastly more important.

We believe that the only true test of economy is twelve months of hard, gruelling service on the road.

We believe that freedom from repair bills and excessive depreciation is infinitely more desirable than a mere catch-penny list price.

These are our convictions. We have held to them staunchly during many fitful periods in the motor car industry. So long as the Paige Company is a factor in the making and distributing of motor cars, we shall continue to adhere to them.

And it is because of these convictions, and their practical application to manufacturing, that the Paige car is regarded as a "Preferred Investment" in every automobile mart of the world.
